MINUTE NO. 2 - Emission Standards for Petroleum Liquid Storage And Transfer Operations (Rev. E00)

Ms. Mary E. Major, Office of Air Regulatory Development, presented Revision E00 emission standards for petroleum liquid storage and transfer operations to the Board for final action. Ms. Major advised the Board that staff had determined that Smyth County was erroneously included in the list of nonattainment areas for the pollutant ozone and that Smyth County should be eliminated from the regulation definition of "localities outside the volatile organic compound emissions control areas".

Decision

Based on the staff presentation and the briefing material provided, the Board unanimously adopted the amendments with an effective date of October 1, 2000 with the understanding that the Board would receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

MINUTE NO. 3 - Exclusionary General Permit

Dr. Kathleen Sands, Office of Air Program Development, presented a periodic review report on the Board's Exclusionary General Permit (9 VAC 5-500). She explained that the general permit established procedures for facility owners to obtain a general permit to operate in order to avoid the necessity of obtaining a permit required under Title V of the Clean Air Act. In addition, Dr. Sands briefed the Board on the results of the staff's review.

Decision

Based on the staff presentation and the briefing material provided, the Board unanimously approved the periodic review report on the Exclusionary General Permit.

MINUTE NO. 4 - Emission Standards for Toxic Pollutants (Rev G97)

Dr. Kathleen Sands, Office of Air Program Development, presented the withdrawal of Revision G97 that would have replaced the current regulations for toxic pollutants with new regulations. Dr. Sands explained the rationale for the request to withdraw the proposal and advised the Board that a reproposal would be initiated.

Decision

Based on the staff presentation and the briefing material provided, the Board unanimously authorized the Department to (1) terminate the adoption process for Articles 3 and 4 of 9 VAC 5 Chapter 60 (Rev. G97) and (2) proceed with the development of a new proposal without using the participatory approach or convening a public meeting during the Notice of Intended Regulatory Action stage.
